Heidi Vasseur

Staff Accountant

*“I enjoy public accounting because of the challenges it offers. **Turning complex rules and regulations into opportunities** for our clients is a highly rewarding responsibility.”*

Heidi currently works in audit, tax and accounting with a variety of individuals, trusts, and business clients.

Growing up around the accounting functions in a family business, Heidi was inspired to follow in her family’s footsteps. She is a 2010 graduate of the University of Minnesota—Duluth.

When Heidi needs a break from studying for her CPA exam, she finds time to relax with friends and family.
